

Iowa Dental Hygiene Association and 21st Century Dentistry Presents Laser Certification Training

Enrich Your Professional Reputation and Increase Patient Treatment Acceptance
Incorporate Laser Assisted Hygiene into
Your Patient Health and Wellness Model of Care

“Laser Certification Training - Laser Practice Refinement”

This 8 Hour approved provider Laser Certification Program includes and completes specific laser education, examination and hands on laser simulation training which meets the curriculum guidelines and standards for Laser Dental Education.

Hands-On Workshop

In this hands-on clinical simulation program you will learn the specifics of laser fiber optic delivery. Working with simulation exercises, this workshop is designed to build confidence and clinical skill sets ideal for successful implementation of the Diode Laser into your patient health and wellness program.

Differentiate the science of laser wavelengths and their absorption characteristics. **Explain** how the lasers function and produce the unique characteristics of light energy. **Recognize** the key elements of laser safety. **Explore** new diagnostic and treatment models that support patient acceptance of **Doctor and Hygiene laser assisted procedures**. **Discuss** the regenerative healing benefits of laser energy adjunctive to conventional SRP. **Employ** Laser Bacterial Reduction for Gingivitis and Chronic Periodontitis. **Learn** about Dr. treated deep pocket therapy for Aggressive Periodontitis. **Interpret** laser tissue interaction, power settings, and the various techniques used to obtain optimal clinical outcome with periodontal therapy, recall, medically compromised patients and difficult to manage areas. **Successfully increase the number** of laser surgical, periodontal therapy and laser recall management procedures per day. **Profit** from **increased production** as your patients say “yes” to the incorporation of laser.
